April Flea Market & Fly-In

As you can see in the picture the weather was great. A little breezy but that kept it cool. The selling and trading out did the flying by two to one. It seemed like everybody decided to clean out their old stuff to make room for some new. If you were in the buying market, there was plenty to choose from. Hamburgers and hotdogs flowed pretty good at lunch time with a Frito pie throw in once in a while.

Glen Keeling from the Bayport RC Club was the Raffle winner of the New Spectrum Radio.

Long time member Bob Obenburger donated all his airplane collection and gear to the club for the Flea Market and Allan persuaded Jack Beechem to take the selling duties which he did very well. There were some good deals on airplanes and the club did well too.

Thanks a lot Bob and Jack.

Butch from Texas City landing after a perfect flight with his four engine bomber.

Martin and Charlie looking over the remains of Martin's airplane after it failed Charlie's stress test. A hard pullout after a steep dive.

A husband was in BIG trouble when he forgot his wedding anniversary. His wife angrily told him, "Tomorrow," there had better be something in our driveway that goes from zero to 200 in two seconds flat!" The next morning, the wife looked outside and saw a small package in the driveway. She brought it inside, opened it and found a brand new bathroom scale.

Funeral services for her husband have been set for Saturday.
